

play in delivering significant benefits to the American people. I believe that the NASA Authorization Act of 2008 that I am introducing today will go a long way towards positioning the agency for a productive future when the next Administration takes office, and I hope that Members will support it.

CONGRATULATING DISTINGUISHED  
SERVICE AWARD RECIPIENT  
DALE ENGQUIST OF MICHIGAN  
CITY, INDIANA

**HON. JOE DONNELLY**

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 15, 2008*

Mr. DONNELLY. Madam Speaker, I rise today to recognize and congratulate Dale Engquist of Michigan City, Indiana for receiving the Distinguished Service Award for his dedicated work for the National Park Service.

Dale Engquist has been with the National Park Service for 19 years. He has proven his leadership skills through developing partnerships and cooperative programs and providing collaborative opportunities for a diverse and complex audience. During Mr. Engquist's extensive career with the National Park Service, he increased the lakeshore at the Indiana Dunes by 15 percent and developed an educational program that serves over 35,000 students each year at the Paul Douglas Center for Environmental Education. Mr. Engquist is also responsible for the partnership formed between local community governments, LaPorte County, and the State of Indiana that collaborated to build a new visitor center, which is set to increase contacts with visitors to the area by 500 percent.

Mr. Engquist's vision and passion led to the development of a network of community organizations, state agencies, and environmental organizations to combat invasive species, which have been a pervasive problem along the southern tip of Lake Michigan. His participation on the Executive Steering Committee of the Chicago Wilderness greatly increased the awareness of the region to the biologically diverse and sensitive nature of the Indiana Dunes. Mr. Engquist has also signed a sister park agreement with Kampinoski National Park of Poland, formally providing opportunities for each park to meet and exchange ideas and information about resource management and education.

Due to his extended commitment to both residents and visitors to Indiana's Second District, it is my pleasure to rise today to honor Dale Engquist for receiving the Distinguished Service Award for his long and accomplished career with the National Park Service.

NATIONAL TRAIN DAY

SPEECH OF

**HON. CHARLES B. RANGEL**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, May 13, 2008*

Mr. RANGEL. Mr. Speaker, I rise today to express my support of H. Res. 1176, Supporting the goals and ideals of National Train Day, as a Member who appreciates and rec-

ognizes the vital role of trains in our economy and as a passenger who commutes between New York and Washington, DC, on the Amtrak Acela. I find my commute by train a convenient, efficient and relaxing way to travel that enables me to read and work in comfort and arrive refreshed, usually on time, and downtown, closer to my destination. I praise the efforts of visionary leaders who over the years have advocated the preservation and modernization of passenger rail service.

Trains have played a vital and historic role in this country, transporting cargo and passengers since the early 19th century, when the first steam locomotive was built by engineer George Stephenson. Without the creation of the steam engine, the Industrial Revolution would not have occurred and our great country would not have been able to prosper as much as it has. In 1869, the first transcontinental railroad was completed. Known as the 'golden pike,' it connected both the east and west coast of the United States, linking our Nation and bridging the geographical divide like never before.

Although there are a greater number of modes of transportation—planes, cars, buses—than there were in the early 1800s, trains are still relied on to transport large amounts of freight and millions of people every day. They have reduced congestion in major cities, helping to reduce pollution connecting people in rural areas to urban centers.

The history of trains has come a long way, from burning coal and going only 130 km/h to high-speed trains that can go from 200 km/h to 350 km/h and are electrically driven by overhead cables. Trains are constantly changing and improving. Due to global warming and greenhouse effects, trains now run more fuel efficiently, emitting only 0.2 percent of the travel industry's total greenhouse gases.

I support National Train Day because the train industry has been an important part of America's story and its economic development, as well as a large part of Americans' day-to-day lives.

TRIBUTE TO HARVEY SCHECTER

**HON. HOWARD L. BERMAN**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 15, 2008*

Mr. BERMAN. Madam Speaker, I rise to pay tribute to my dear friends of more than 30 years, Hope and Harvey Schechter. They are being honored at the 7th Annual Hillel 818 Dinner Celebration for their generous support and outstanding contributions to Los Angeles Valley College and to our community.

I have had the pleasure of working with Hope and Harvey throughout the years on many important issues of concern to the San Fernando Valley, the State of California and our Nation. I value their counsel, respect their knowledge and appreciate the help they have given me in my career.

Harvey is a remarkable individual who has dedicated his life to protecting our civil rights and combating anti-Semitism and racial discrimination. From 1952, when he began his impressive career with the Anti-Defamation League (ADL), until 1993 when he retired as Western States Regional Director of the ADL Foundation, he has been at the forefront on

critical humanitarian issues of concern to the ADL, the Jewish community and the world at large. Harvey has been a mentor, confidant, friend, teacher and inspiration to others during his career. His speeches, writings, and incomparable wit have enriched all who have had the good fortune to know him.

Following Harvey's retirement from the ADL, he rediscovered the joy of learning at Los Angeles Valley College. He touched the lives of hundreds of students as he shared with them the knowledge he has gained in his 84 years.

Hope is an outstanding example of the American dream. Born in a small mining town in Arizona to Mexican-American parents who spoke no English, she overcame tremendous challenges to achieve great success. After dropping out of high school, she worked at menial jobs, including as an underpaid garment industry worker. Her personal experience with the injustices to unskilled workers led her to a career as a union organizer for the International Ladies Garment Workers Union. She helped improve the quality of life for hundreds of workers by her determination, positive attitude and resilience. Her career includes many significant contributions to our community, including Community Service Organizer, fighting for safe neighborhoods, establishing the first Head Start Operation in Los Angeles County, helping resolve racial issues as a member of the Board of Directors of the Council of Mexican American Affairs and many more. She became a Certified Court Reporter, established her own firm and was the first woman elected President of the General Court Reporters Association. During my brief period in law practice, Hope was my court reporter of choice.

Beyond her community contributions, Hope has been a valuable asset to the California Democratic Party, serving for many years on the California Democratic State Central Committee in a number of leadership positions and volunteering her time and efforts to numerous political campaigns. Hope's dedication and tireless efforts on behalf of our community are an inspiration to us all.

Hope and Harvey recently celebrated 53 years of a wonderful marriage. Although they have no children of their own, they have been "adopted" as parents by more than one hundred young people they have met on the campus and in the community.

I rise today to ask my colleagues to join me in honoring two special people who's caring and contributions have benefited so many.

THE NEW RUSSIAN GOVERNMENT

**HON. CLIFF STEARNS**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 15, 2008*

Mr. STEARNS. Madam Speaker, on May 7th, Dmitri Medvedev was sworn in as the new Russian President. It remains to be seen if he will be more than just a puppet controlled by Prime Minister Putin, but if the President's victory speech is any indication, we should expect a "direct continuation" of Putin's iron-fisted policies.

As Russia desires to regain its stance as a major world power, rest assured Putin and Medvedev will stop at nothing to achieve this. As Americans, we should be wary of Putin's legacy of government corruption, diminished democracy, and antagonistic stance

toward its former Soviet neighbors and the West.

Although there may be opportunities for the U.S. to re-engage with Russia under Medvedev, we must proceed with caution. Let us not forget that there are Iranian enrichment facilities in Russia, and that Russia uses its oil and gas resources to manipulate and control its sovereign neighbors.

These are the characteristics of an emerging dictatorship hiding beneath the mask of democracy.

#### TRIBUTE TO 2008 ATHENA AWARD RECIPIENTS

### HON. TIMOTHY WALBERG

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 15, 2008*

Mr. WALBERG. Madam Speaker, it is my special privilege to recognize the 2008 Lenawee County ATHENA Award recipients Durstyn Farnan, O.P., and Dr. Nancy Kelly, DVM, and Parthenon Award recipient United Bank and Trust. It is with great admiration and pride that I congratulate these individuals and this company on behalf of all of those who have benefited from their demonstrated excellence in their professions and dedicated service to Lenawee County and the State of Michigan.

ATHENA International was founded in the early 1980s by Martha Mertz, who while serving as the sole woman on the board of directors of the Lansing Regional Chamber of Commerce, was inspired to recognize female business leaders in her community whom she felt had largely been overlooked. Thus, the first ATHENA Award was presented in 1982 and 5,000 more have been awarded since to honor men and women across the globe for their professional excellence, community service, and active role in enabling women to achieve success as business and community leaders.

Durstyn Farnan, better known as Sister Dusty, has devoted much of her life to promoting international peace. An advocate for women's liberties worldwide, Sister Dusty has traveled to countries around the globe assisting women in other cultures achieve independence and promote peace. Additionally, she has educated students at Siena Heights University on the serious subject of the trafficking of women and children.

Dr. Nancy Kelly has faithfully served Lenawee County as a successful veterinarian and trusted mentor for many years. She is the on-call veterinarian for the Adrian, Madison, and Fairfield Township Fire Departments and holds an impressive record of extensive community service in the area. In addition to assisting veterinary students secure highly beneficial externships, she selflessly devotes much of her time to mentoring several local female students of veterinary medicine.

United Bank and Trust has a history of producing successful businesswomen and stands as a fine model to companies throughout Lenawee County. As a company committed to providing training and development opportunities to all employees, United has a track record of promoting women to leadership positions. United Bank and Trust has earned respect as a hometown bank for their tailored

service to the Lenawee community and for encouraging each of their employees to volunteer within the community.

This year's ATHENA Award for Lenawee County was presented to Sister Dusty, Dr. Nancy Kelly, and United Bank and Trust for demonstrating excellence, creativity, and initiative in their profession and for actively assisting women in realizing their full leadership potential. The 2008 winners join an international network of men and women who work together to create leadership opportunities and encourage the empowerment of women leaders.

Madam Speaker, today I honor the recipients of the 2008 ATHENA Award for their invaluable service to the Lenawee community. May others know of my high regard for their commitment to promoting women around the world, as well as my best wishes for them in the future.

#### AMENDED SECURITY ASSISTANCE AND ARMS EXPORT CONTROL REFORM ACT OF 2008

SPEECH OF

### HON. DONALD A. MANZULLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, May 13, 2008*

Mr. MANZULLO. Mr. Speaker, today is a great day. When others talk about a dysfunctional Congress or claim that members of different political parties can't work together, they ought to look at this bill. Today, the House votes on the Security Assistance and Arms Export Control Reform Act of 2008 (H.R. 5196) that we debated on Tuesday. Subtitle A of Title I of H.R. 5196 has been in the making for the past 18 months when I first learned of the complaints from industry regarding the immense backlog of defense export license applications at the State Department. The Executive Branch, both sides of the House Foreign Affairs Committee, industry, and Non-Governmental Organizations, NGOs, interested in non-proliferation all had input into this legislation.

Last year, I joined with Representatives JOE CROWLEY of New York and EARL BLUMENAUER of Oregon to establish the Congressional Export Control Working Group. We educated Members of Congress and their staff on the importance of export control modernization efforts to both our national and economic security.

Export control modernization is extremely important to the constituents I am proud to represent in the 16th District of Illinois. This area of the country is one of the most heavily industrialized Congressional districts in the Nation. We make everything from nuts and bolts to the advanced electrical system for the new Boeing 787, the Dreamliner. Many of the products and technologies produced by the manufacturers I am so proud to represent are regulated under U.S. export control law.

When I was first elected to Congress almost 16 years ago, a manufacturer from northern Illinois came to me for assistance in navigating the regulatory process for selling their product overseas. Ever since that first experience, I have been dedicated to modernizing our Nation's export control system. I am continuing to work on policies that will enhance U.S. na-

tional security, strengthen our defense industrial base, and boost U.S. competitiveness.

One piece of that puzzle is being considered here today. The Security Assistance and Arms Export Control Reform Act of 2008—which I am proud to have co-sponsored—contains legislation (Subtitle A of Title I entitled the Defense Trade Controls Performance Improvement Act of 2008) I co-wrote along with my good friend and colleague from California, Representative BRAD SHERMAN who is the Chairman of the Terrorism, Non-proliferation, and Trade Subcommittee. This legislation will reduce defense trade license processing times, create a spare part waiver for our closest allies, and make licensing of defense items more transparent and predictable. These process improvements will make U.S. defense manufacturers in every category, including space, more competitive in the international marketplace. No longer will they have to fear being shut out of foreign markets or products because of a taint from the International Traffic in Arms Regulations, ITAR.

The bill will modernize the Federal Government's inefficient export control policy while strengthening national security and helping American companies sell more defense-related goods and services overseas to our allies.

H.R. 5196 requires the Directorate of Defense Trade Controls, DDTC, at the State Department to hire more staff to reduce the backlog of license applications that impedes legitimate trade with our allies without compromising national security. The last time I checked, the State Department has only 42 licensing officers. By 2010, this legislation requires adequate staff and resources at the State Department to review and process defense trade licenses in a timely manner. This legislation creates a ratio of at least one DDTC officer for every 1,250 applications by 2010. The independent Congressional Budget Office, CBO, estimated that this provision would require the hiring of 35 additional licensing officers.

H.R. 5196 also requires DDTC to assign no less than 3 individuals by fiscal year 2009 to review applications for commodity jurisdiction determinations. This is one area of export controls that is extremely complex and time consuming—determining whether or not a particular widget is a commercial dual-use item or a munition. Having specialized personnel dedicated to this task will be extremely helpful in improving the processing of these determinations. The legislation also increasing the transparency of commodity jurisdiction determinations with the publication of those decisions on the Internet. This will help companies know in advance whether or not their particular product would fall into a commercial or munitions category.

The legislation also creates a series of performance goals for DDTC: No longer than 60 days to process a defense trade license; 30 days to process a defense trade license for close allies; and 7 days to process a defense trade license from our close allies in support of combat operations or peacekeeping or humanitarian operations with U.S. Armed Forces. This in no way implies forcing a premature decision—these are simply goals to achieve that have already been vetted with the Executive Branch. All told, CBO scored these personnel enhancement as costing \$6 million in 2009 and \$31 million over the next 5 years,
